

Committee Newsletter – June 2016

The Committee met on Tuesday 14th June.

- 1.** Two new members were elected: Timothy Plummer & Charmaine Bartley
The Club now has 213 registered members.
- 2.** The installation of the replacement air- conditioner is awaiting the installation of a 3 phase power supply to the Club. The assumption had been made that the Club had a 3 phase power supply so now there will be some squirming while this matter is sorted out.
- 7.** Two suggestions for a new Roadside sign have been received. The suggested designs are posted on the notice board. Let your preference be known.
